To enhance the academic activities in each Department of the College	Conducted Conferences / Seminars / E-Quiz Competitions
To organise a minimum of two pedagogical training programmes per year for new teaching faculties	Conducted ICT Workshop for Teaching and Non-teaching 4-5/02/2022
To organise at least one common skill development programme per year for the supporting staffs	Conducted Skill Development Program by IQAC on 12 /10/2021
To facilitate the integration of various activities of the institution and exercise the best practices	Conducted e-Orientation Program
At the beginning of this academic year, IQAC took steps to encourage and motivate students from every department to pursue their active participation in student seminars, workshops, debate, quiz, cultural competitions in our own college campus as well as in other colleges	Many students were motivated by different approaches made by the teachers. The students of Geography Department delivered serious lectures along with some presentations on different global issues in own campus. The students of English Department actively participated in a quiz competition. Some of our students also participated in a Inter college cultural competition and secured lots of prizes. These achievements helped other students to come forward breaking all the barriers.

15. Multidisciplinary / interdisciplinary

Multidisciplinary research is going on some recent and emerging topics by the Science, Art and Humanities Faculties. All the faculty being from different disciplines or department are working on a common problem or research question. In this approach, faculty share research goals and work on the same problem, but look at it from their own discipline's perspective. The findings from each discipline are supplementary to each other. The advantage to multidisciplinary research is that each aspect can be analyzed by a particular specialty, which is often necessary to answer complex research problems. There are times when research needs things to go a step farther than multiple disciplines each looking at a problem through their own lens - that is when faculties are involved in interdisciplinary research happens. Interdisciplinary research relies on shared knowledge. When this happens, a fundamental shift can take place over time and a new interdisciplinary field emerges. For example, biochemistry, nanoscience, and neuroscience all emerged as interdisciplinary fields that eventually grew to become their own disciplines.

16. Academic bank of credits (ABC):

Academic Bank of Credits has been established on the lines of the National Academic Depository (NAD), in the sense, NAD is the backbone of ABC, where the students' academic data are held and academic awards are stored (i.e. storehouse of academic awards). Despite the fact that ABC enables students to register or commence credit transfer, the final outcomes of credit redemption and issuance of certificates, as well as the compilation of award records, are administered by academic institutions via the NAD Platform. Academic bank of credits (ABC) is not implemented in our college also in Our University (Lalit Narayan Mithila University, Darbhanga).

17. Skill development:

The youth are the largest stakeholder in both nation building and image building. To ensure their bright future, the focus of the government is to skill this section of the population and provide the world with a large skilled workforce from India. Pradhan Mantri Kaushal Vikas Yojana (PMKVY) is the flagship scheme of the Ministry

of Skill Development & Entrepreneurship (MSDE) implemented by National Skill Development Corporation. The objective of this Skill Certification Scheme is to enable a large number of Indian youth to take up industry-relevant skill training that will help them in securing a better livelihood. Individuals with prior learning experience or skills will also be assessed and certified under Recognition of Prior Learning (RPL). As per guideline of our parent University, the college is conducting skill development programme. College is involved with Government of Bihar under Bihar Skill Development Mission. As per instruction by the state government, students of our college used to participate in Skill Development Programme conducted under Skill Development Mission.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

The NEP 2020 recommends the incorporation of the Indian Knowledge Systems (IKS) into curriculums at all levels of education. The success of the policy relies heavily on the shoulders of inspired teachers. Most of the faculty in Higher Education Institutions (HEIs) across the country, although experts in their respective fields, may require additional familiarization efforts for the Indian Knowledge Systems. Teacher training/orientation in the HEIs is typically conducted by various agencies such as HRDCs and Pandit Madan Mohan Malviya National Mission on Teachers Training (PMMNMTT) named as Malviya Mission. The faculty are required to attend a mandatory induction program and periodic refresher courses for their continued professional advancement. The IKS aims to contribute to the second and third aspects of "PanchPran" resolutions i.e. "Erase all traces of servitude" and "Be proud of India's heritage and legacy" by the Hon'ble Prime Minister in his Independence Day speech. The purpose of these guidelines for teacher training during the induction program and refresher courses is to provide a roadmap to familiarize and enthuse faculty about the IKS and identify strategies to incorporate it into their specific classroom teachings. All the faculty members are actively engaged in participating in Induction Programme / Orientation Programme / Refreshers Course, etc.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

Outcome Based Education (OBE) is an educational model that forms the base of a quality education system. There is no single specified style of teaching or assessment in OBE. All educational activities carried out in OBE should help the students to achieve the set goals. The faculty may adapt the role of instructor, trainer, facilitator, and/or mentor, based on the outcomes targeted. OBE

enhances the traditional methods and focuses on what the Institute provides to students. It shows the success by making or demonstrating outcomes using statements "able to do" in favor of students. OBE provides clear standards for observable and measurable outcomes. As per norms of our parent University (Lalit Narayan Mithila University, Darbhanga), we are conducting Outcome Based Education.

College faculties are involved in OBE, in which they used to do an educational approach and a learning philosophy, focusing and organizing the entire academic programs (curriculum) and instructional efforts around clearly defined 'outcomes' we want all students to demonstrate when they complete the program. OBE is a student-centered instruction model that focuses on measuring student performances through outcomes. Outcomes are usually expressed in terms of a mixture of knowledge, skills, abilities, attitudes and understanding that a student will attain as a result of his/her successful engagement in a particular set of higher education experience.

20.Distance education/online education:

No one imagined that Covid-19 would turn our world upside down and would bring major changes to our lifestyle. The virus has spread everywhere like a wild forest fire due to which numerous changes were accepted by people all over the world, and it took some time for everyone to adapt to the new normal. Online learning is rapidly becoming one of the most effective ways to impart education. The impact of the virus was so strong that online education became a seemingly ubiquitous part of our growing world. As a result, education has changed dramatically, with the distinctive rise of e-learning, whereby teaching is undertaken remotely on digital platforms instead of physical classrooms.

Online classes and technology have emerged as a superhero during the lockdown days. We have all been under house arrest but are still connected with the world of education. Due to the lockdown, students have not been able to stay connected with the outer world and the lack of exposure is evident. The only reprieve for the students' mental well-being has been the transition to online classes. Teachers made sure that the learning for students was not compromised, so they took a great leap forward to find solutions and create new learning environments for their students to ensure that learning never stops. With little time to prepare, curriculums were modified, new lesson plans were created, activities were planned, all so that their students remain actively involved through online

learning. All the faculty members of our college are actively engaged in online teaching along with offline teaching. Faculty members are using Google class, Google Meet, Zoom, Microsoft teams, youtube, Facebook, etc.

The College is also Center of Distance Learning of Directorate of Distance Education, Lalit Narayan Mithila University, Darbhanga as well as Nalanda Open University, Bihar. More than Two Thousands Students are enrolled under DDE, LNMU and more than one thousand under Nalanda Open University, Bihar per academic session. All the faculty members conducted Online lecture during COVID-19 affected session.

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

At the time of commencement of the Academic year, the Academic calendar is prepared by the Academic Committee of the College. The faculty members prepare the lecture plan of their respective subjects. The lecture plan is verified by the Head of the Department and Principal of the college. There is sufficient flexibility in the

teaching, so as to adopt the changes if any. The evaluation of the students is carried out periodically as per the norms of the L N Mithila University, Darbhanga. The college ensures effective curriculum delivery through its consistent efforts. The college fully adopts the curriculum as prescribed by the parental University. The college faculties follow the teaching plan in the schedule of their working hours. The syllabus is already divided in the number of hours in which each faculty is supposed to engage. The periodic tutorial / class test / examination are conducted in order to assess the understanding of the students. The examination results are reviewed and thereafter through new academic planweaker students are taught again. The college teachers use PPT and other technical gadgets for lucid presentation of subject concern. Practical, theoretical and oral examinations are conducted. The curriculum compliance is integral to responsibilities of the staff which is completely achieved by the college.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The assessment tools and processes used for measuring the attainment of each of the Program Outcomes is mentioned below:

Method of assessment of the program outcomes and Program Specific

outcomes are assessed with the help of course outcomes of the relevant courses through direct and indirect methods.

Direct methods are provided through direct examinations or observations of student knowledge or skills against measurable course outcomes.

The knowledge and skills described by the course outcomes are mapped to specific problems on University Examination, internal exams and home assignment.

Finally, program outcomes are assessed and Program Assessment Committee concludes the Programme Outcome attainment level. At the end of each semester/year, university conducts examinations based on the result published by university the course outcomes are measured. Assignments are given at the end of each module. Three internal tests are conducted per semester for the following purposes:

To ensure that students have achieved desired level of competencies at module level.

To evaluate, whether corresponding Course Outcomes are achieved or not.

According to the performance of the student in answering each question, mapping is carried out with the respective COs for assessing the attainment level of the specific CO of the subject.

3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The College organizes and participates in various extension activities with a dual objective of not only sensitizing students about various social issues but also contribute to community and

strengthen community participation. The NCC and NSS college units take part in various initiatives like organizing camps, Swachh Bharat initiatives, blood donation camps, awareness programmes on AIDS prevention, Suicides prevention etc. This joint venture encourages and facilitates various extension programmes. Events like World Consumers Rights Day, Human Rights Day, International Language Day, Constitution Day, National Science Day, International Yoga Day, etc., see large participation of the students who take up activities in collaboration with other agencies/NGOs to spread awareness. Awareness about Consumers' rights and duties is significant in the process of economic development of the country. India is the birth place of Yoga and by participating in International Yoga day students become global stakeholders in ensuring healthy body and mind. Participation of NCC/NSS in Republic Day Celebrations in College, NSS' Adoption of Village, Anti- Tobacco Rally, Peace Rally, WoW (Wealth out of Waste) connect students with the larger social issues in the community and makes them socially responsible sensitive.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

MISSION :To provide quality education to all students irrespective of any discrimination and socio-economic status to uplift the society as a whole.

VISION : Empowerment of common rural students through quality education to meet the global challenges at the lowest cost.

GOALS AND OBJECTIVES : To achieve academic excellence and to develop leadership qualities.

Core Values : Pursuit of Excellence through Education, .Social Responsibility and Civic Awareness, Honest and Moral Uprightness, Empowerment through Education

The empowered team of the college involves Principal, Academic Staff Committee, Teaching-staff, IQAC committee, NAAC Committee, Development Committee, non-teaching and supporting staff, student's union, student representative and alumni. The principal monitors the mechanism regarding administration and academic process. There are many committees to support the vision and mission of the college. For example, these are Examination cell, NSS, NCC, carrier and counseling cell, Historical Research Cell, library and sports committee, cultural and literacy committee, internal examination committee, antiragging committee, routine committee, Media and Public Relation Cell, grievance redressal committee, etc. All the committees take its responsibility for the plans and activities, and successfully tackles these responsibilities in every academic session. 6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

We understand that a leadership has to prove itself through achievements in fronts of the organization. Ours college is one institution imparting higher Education to learners. This cannot be possible with a leader. The principal acts as a guide, mentor, associate, helper and leader. These roles are fulfilled by constituting committees that work on behalf of Principal. This in fact is the formal arrangement for running the institution smoothly. All functionaries are given such responsibilities that they have to act as leaders in one or the other programs. The institution has formed a number of activity committee and one leader from every committee has been given the responsibility of forming a working calendar for that committee and then putting that calendar into action. Being an undergraduate college and four PG Study Centres we

have proper departments, proper division of work is operational towards providing a decentralized and participative system in college. Proper working plans are designed for smooth running of institutions. These plans are then given to concerning committees. The implementation of all working plans is regularly monitored by Principal. Regular meetings of the committees are held and all the points are recorded to be reviewed in the next meeting.

There are two types of Performance based evaluation prescribed by University. The first is called "PBAS [performance based appraisal system]" and the second is called "annual secret-report".

All teaching faculty member fill the prescribed format of PBAS for self-appraisal. The appraisal report is based on the annual

performance of the employee on the basis of their academic, research and other extracurricular activities. The PBAS includes all above set related to points and sub-points. The format contains 4 main parts. Part-A: general instruction, Part-B: Academic performance, Part-C: other related information [duly signed by Principal], and Part-D: Comment on the self-assessment by University. The main part, i.e., Part-B consists of 4 categories. Category-I includes "Teaching-learning and evaluation related activities". Category-II includes "Co-curricular, extracurricular and professional development related activities". Category-III includes "Research and academic contribution". Category-IV includes "Summary of the API" to be filled by the teaching faculty.

Another type of evaluation is called the secret-report of the employee. It is filled by all the teaching and non-teaching employees. It generally has two parts. The first part is filled by employee. The last part is the evaluation by the Principal. It is then sent to higher authority of University.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

IQAC is one of the major policy making and implementing unit in our college. It strives hard for upgrading the college infrastructure and all support facilities to meet the standards of higher education. It assesses and suggests the parameters of quality education. The college takes academic audit of each department and various committees every year through IQAC to increase and maintain the quality of education. At the beginning of academic session, the committee collects academic plan including publication, extension activity, collaboration, seminar and workshop. The IQAC proposed to initiate various green practices to maintain eco-friendly college campus through the activities i.e. Tree Plantation, Paperless Work, Plastic Eradication, Clean and Beautiful Campus, No Vehicle Day, Save Power, etc. For the better implementation of green practices, IQAC distributed these activities among various departments.

IQAC constantly takes the feedback about the proper result oriented implementation of these activities. IQAC always encouraged teachers to utilize these tools in classroom teaching and laboratories. IQAC prepares the plan to include the use and enrichment of ICT infrastructure expecting from each departments. The IQAC has advised the administration to enrich Self Study Report of College infrastructure by purchasing advanced ICT tools, broadband internet Wi-Fi facility.

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

At the time of commencement of the Academic year, the Academic calendar is prepared by the Academic Committee of the College. The faculty members prepare the lecture plan of their respective subjects. The lecture plan is verified by the Head of the Department and Principal of the college. There is sufficient flexibility in the teaching, so as to adopt the changes if any. The evaluation of the students is carried out periodically as per the norms of the L N Mithila University, Darbhanga. The college ensures effective curriculum delivery through its consistent efforts. The college fully adopts the curriculum as prescribed by the parental University. The college faculties follow the teaching plan in the schedule of their working hours. The syllabus is already divided in the number of hours in which each faculty is supposed to engage. The periodic tutorial / class test / examination are conducted in order to assess the understanding of the students. The examination results are reviewed and thereafter through new academic plan weaker students are taught again. The college teachers use PPT and other technical gadgets for lucid presentation of subject concern. Practical, theoretical and oral examinations are conducted. The curriculum compliance is integral to responsibilities of the staff which is completely achieved by the college.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

The College adopts Outcome Based Education (OBE) rather than input oriented well shaped curve of learning. The following mechanism is followed by the college to communicate the learning outcomes to the teachers and students.

Graduate attributes are described to the first year students at the commencement of the programme.

At least five hours are spent by the teachers for introducing the subject to the Students.

Learning Outcomes of the Programs and Courses are observed and measured periodically.

Soft Copy of Curriculum and Learning Outcomes of Programmes and Courses are uploaded on the Collegewebsite for reference.

The importance of the learning outcomes has been communicated to the teachers in every IQAC Meeting and Staff Meeting.

Identify the most relevant concepts that arise in everyday life, and devise a strategy in order to arrive at the solutions in the respective subjects and are made to understand the connection between key concepts and applications.

Use basic laboratory equipment correctly and effectively in order to conduct measurements, and analyze and interpret the results, including a quantitative understanding of uncertainties. Locate existing scientific research relevant to a given topic, and evaluate its accuracy.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The assessment tools and processes used for measuring the attainment of each of the Program Outcomes is mentioned below:

Method of assessment of the program outcomes and Program Specific outcomes are assessed with the help of course outcomes of the relevant courses through direct and indirect methods.

Direct methods are provided through direct examinations or observations of student knowledge or skills against measurable course outcomes.

The knowledge and skills described by the course outcomes are mapped to specific problems on University Examination, internal exams and home assignment.

Finally, program outcomes are assessed and Program Assessment Committee concludes the Programme Outcome attainment level. At the end of each semester/year, university conducts examinations based on the result published by university the course outcomes are measured. Assignments are given at the end of each module. Three internal tests are conducted per semester for the following purposes:

To ensure that students have achieved desired level of competencies at module level.

To evaluate, whether corresponding Course Outcomes are achieved or not.

According to the performance of the student in answering each question, mapping is carried out with the respective COs for assessing the attainment level of the specific CO of the subject.

3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The College organizes and participates in various extension activities with a dual objective of not only sensitizing students about various social issues but also contribute to community and strengthen community participation. The NCC and NSS college units take part in various initiatives like organizing camps, Swachh Bharat initiatives, blood donation camps, awareness programmes on AIDS prevention, Suicides prevention etc. This joint venture encourages and facilitates various extension programmes. Events like World Consumers Rights Day, Human Rights Day, International Language Day, Constitution Day, National Science Day, International Yoga Day, etc., see large participation of the students who take up activities in collaboration with other agencies/NGOs to spread awareness. Awareness about Consumers' rights and duties is significant in the process of economic development of the country. India is the birth place of Yoga and by participating in International Yoga day students become global stakeholders in ensuring healthy body and mind. Participation of NCC/NSS in Republic Day Celebrations in College, NSS' Adoption of Village, Anti- Tobacco Rally, Peace Rally, WoW (Wealth out of Waste) connect students with the larger social issues in the community and makes them socially responsible sensitive.

GOVERNANCE, LEADERSHIP AND MANAGEMENT**6.1 - Institutional Vision and Leadership**

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

MISSION :To provide quality education to all students irrespective of any discrimination and socio-economic status to uplift the society as a whole.

VISION : Empowerment of common rural students through quality education to meet the global challenges at the lowest cost.

GOALS AND OBJECTIVES : To achieve academic excellence and to develop leadership qualities.

Core Values : Pursuit of Excellence through Education, .Social Responsibility and Civic Awareness, Honest and Moral Uprightness, Empowerment through Education

The empowered team of the college involves Principal, Academic Staff Committee, Teaching-staff, IQAC committee, NAAC Committee, Development Committee, non-teaching and supporting staff, student's union, student representative and alumni. The principal monitors the mechanism regarding administration and academic process. There are many committees to support the vision and mission of the college. For example, these are Examination cell, NSS, NCC, carrier and counseling cell, Historical Research Cell, library and sports committee, cultural and literacy committee, internal examination committee, antiragging committee, routine committee, Media and Public Relation Cell, grievance redressal committee, etc. All the committees take its responsibility for the plans and activities, and successfully tackles these responsibilities in every academic session. For academic performance meetings with HoD's and faculty of various departments is done.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

We understand that a leadership has to prove itself through achievements in fronts of the organization. Ours college is one institution imparting higher Education to learners. This cannot be possible with a leader. The principal acts as a guide, mentor, associate, helper and leader. These roles are fulfilled by constituting committees that work on behalf of Principal. This in fact is the formal arrangement for running the institution smoothly. All functionaries are given such responsibilities that they have to act as leaders in one or the other programs. The institution has formed a number of activity committee and one leader from every committee has been given the responsibility of forming a working calendar for that committee and then putting that calendar into action. Being an undergraduate college and four PG Study Centres we have proper departments, proper division of work is operational towards providing a decentralized and participative system in college. Proper working plans are designed for smooth running of institutions. These plans are then given to concerning committees. The implementation of all working plans is regularly monitored by Principal. Regular meetings of the committees are held and all the points are recorded to be reviewed in the next meeting.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

There are two types of Performance based evaluation prescribed by University. The first is called "PBAS [performance based appraisal system]" and the second is called "annual secret-report".

All teaching faculty member fill the prescribed format of PBAS for self-appraisal. The appraisal report is based on the annual performance of the employee on the basis of their academic, research and other extracurricular activities. The PBAS includes all above set related to points and sub-points. The format contains 4 main parts. Part-A: general instruction, Part-B: Academic performance, Part-C: other related information [duly signed by Principal], and Part-D: Comment on the self-assessment by University. The main part, i.e., Part-B consists of 4 categories. Category-I includes "Teaching-learning and evaluation related activities". Category-II includes "Co-curricular, extracurricular and professional development related activities. Category-III includes "Research and academic contribution". Category-IV includes "Summary of the API" to be filled by the teaching faculty.

Another type of evaluation is called the secret-report of the employee. It is filled by all the teaching and non-teaching employees. It generally has two parts. The first part is filled by employee. The last part is the evaluation by the Principal. It is then sent to higher authority of University.
